420-4W6-AB
Website Design Document

The Website that we have decided to work on will be a Camera Hardware website.
The Color Scheme that we have chosen as a team was decided using coolors.co.

| 211F1F | B12F2F | EAEAEA |
| Eerie Black | Sweet Brown | Platinum |

https://coolors.co/211f1f-b12f2f-eaeaea

We decided on these tables as the ones we will use for our database.

User	Items	Types	Images
UserId	Name	Id	ItemId
FirstName	Price	CatName	ImageUrl
LastName	TypeId	ParentCatName	AltImageName
Password	ItemId		
Username			

For this Assignment, we split up the parts of the website between ourselves as such:
Samuel decided to work on the Products and Items;
Gorav decided to work on the users table working with usernames and passwords;
Payal decided to work on the users table too, with the first name and last name;
and Rafael worked on the images table.

Before designing our website, we looked at other websites to get inspiration as to what their site looked like and add our own design to it.
